Being a kid today is risky business. So is raising one. From Internet porn to drugs to eating disorders, the dangers leave many parents panicked, overprotective, or defeated. But when the Creator of children looks at your family, He doesn’t just see the challenges; He sees victory waiting to happen. In *Essentials of Parenting: Be Prepared*, you’ll explore ways to help kids stand firm in a world that seems to be crumbling. *Be Prepared* presents practical plans for dealing with dangers including internet porn, alcohol, drugs, eating disorders, and premarital sex. You’ll see how to resist the impulse to overprotect your child - and gain insights to help you prepare him or her for the world of today and tomorrow. *This class is specifically geared to parents of tweens and teens (approximate ages 8 – 18).*
